All Proceeds benefit the National Foundation for Ectodermal Dysplasias

SMTLES

Golf Classic 2010

Dear Friend,

Most of you are unaware of a rare genetic disorder known as ectodermal dysplasias. This condition affects about 7 in 10,000 births. There are at least 150 different syndromes of ectodermal dysplasias. Symptoms range from mild such as missing teeth and thin hair to severe such as skin erosion or bone anomalies. Many individuals affected by ectodermal dysplasias cannot perspire. Their sweat glands may function abnormally or may have not have developed at all. Without normal sweat production, the body cannot regulate temperature properly. While this condition is rarely life threatening, it is almost always heartbreaking.

My husband and I are writing this letter to ask if you would help us with a very important fund raiser, the first annual **"SMILES"** Golf Classic to be held at Rio Colorado Golf Course in Bay City Texas.

Weston Walker is our three year old son who is affected by Hypohidrotic Ectodermal Dysplasia. He has only two teeth and has recently received his first set of dentures! He will eventually receive bone grafts and permanent implants when his jaw stops growing. Weston has thin hair, a few minor skin issues, and was born with no sweat glands.

Although Weston has a few extra "hurdles", he is one of the smartest, sweetest, most outgoing, kind-hearted, fun-loving kiddos I know! We are so blessed to have such a wonderful child to call our own!!! As his parents, we will always worry about Weston overheating and most importantly suffering from a heat stroke. This is why we are trying to bring awareness to everyone who may come in contact with children who are also affected with this condition and help the children become everything that they set out to be!

The purpose of **"SMILES" Golf Classic 2010**, is to raise awareness as well as funds for the National Foundation for Ectodermal Dysplasias, a 501(c)3 non - profit organization. Visit their web site at www.nfed.or.u. NFED's mission is to empower and connect people touched by ectodermal dysplasias through education, support and research. The foundation also provides financial support, advice, guidance and research into ectodermal dysplasias. All of their funding comes from private donations and grants. They receive no federal funding.

How can you help us help them? We are in need of sponsors to help underwrite the **"SMILES" Golf Classic 2010**. We are grateful for any donations. Every small amount is a tremendous help! If you have products or services to donate to our raffle, please contact Marshall or myself. Any cash donations are

appreciated! Checks can be made to NFED and mailed to me! Please return all golf entries to Marshall and Randi Walker.

Please review the attached literature for available sponsorship programs.

If you have any questions, please feel free to call us at 337-405-8884 or email us at randileereed@aol.com.

Thank you very much for your consideration!

Sincerely,

Marshall, Randi, and Weston Walker

881 CR 136 Sweeny TX 77480

P.S. If you are not interested in golfing, please come out and enjoy the day with us! We will be selling lunch and dinner plates to anyone interested in coming out to join our fun! We will have many fabulous silent auction items and as well as raffle/door prizes! We look forward to sharing this day with you!
